## INTERIM REVIEW REPORT ON INTERIM FINANCIAL INFORMATION

(Convenience translation of the independent auditor's report originally issued in Turkish, See Note I of Section Three)

To the Board of Directors of HSBC Bank A.Ş.:

### *Introduction*

We have reviewed the consolidated balance sheet of HSBC Bank A.Ş. ("the Bank") and its subsidiaries at 31 March 2015 and the related consolidated income statement, consolidated statement of income and expense items under shareholders' equity, consolidated statement of changes in shareholders' equity, consolidated statement of cash flows and a summary of significant accounting policies and other explanatory notes to the consolidated financial statements for the three-month-period then ended. The Bank Management is responsible for the preparation and fair presentation of interim financial statements in accordance with the "Regulation on Accounting Applications for Banks and Safeguarding of Documents" published in the Official Gazette no.26333 dated 1 November 2006, and other regulations on accounting records of Banks published by Banking Regulation and Supervision Agency and circulars and interpretations published by Banking Regulation and Supervision Authority, (together referred as BRSA Accounting and Reporting Legislation) and Turkish Accounting Standard 34 "Interim Financial Reporting" other than subjects regulated by BRSA Accounting and Reporting Legislation. Our responsibility is to express a conclusion on these interim financial statements based on our review.

### *Scope of Review*

We conducted our review in accordance with the International Standard on Review Engagements (ISRE) 2410, "Limited Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial reporting process, and applying analytical and other review procedures. A review of interim financial information is substantially less in scope than an independent audit performed in accordance with the Independent Auditing Standards of Turkey and the objective of which is to express an opinion on the financial statements. Consequently, a review of the interim financial information does not provide assurance that the audit firm will be aware of all significant matters which would have been identified in an audit. Accordingly, we do not express an opinion.

### *Conclusion*

Based on our review nothing has come to our attention that causes us to believe that the accompanying consolidated financial statements do not give a true and fair view of the financial position of HSBC Bank A.Ş. and its subsidiaries at 31 March 2015 and of the results of its operations and its cash flows for the three-month-period then ended in all aspects in accordance with the "Regulation on Accounting Applications for Banks and Safeguarding of Documents" published in the Official Gazette no.26333 dated 1 November 2006, and other regulations on accounting records of Banks published by Banking Regulation and Supervision Agency and circulars and interpretations published by Banking Regulation and Supervision Authority and Turkish Accounting Standard 34 "Interim Financial Reporting" other than subjects regulated by BRSA Accounting and Reporting Legislation.

### *Other Matter*

The consolidated financial statements of the Bank and its subsidiaries as at and for the year ended 31 December 2014 were audited by another auditor whose report dated 27 February 2015 expressed an unqualified opinion.

### *Additional Paragraph for Convenience Translation:*

As also explained in detail in Note I. of Section Three, the effects of differences between accounting principles and standards explained in detail in Section Three and accounting principles generally accepted in countries in which the accompanying consolidated financial statements are to be distributed and International Financial Reporting Standards ("IFRS") have not been quantified in the accompanying consolidated financial statements. Accordingly, the accompanying consolidated financial statements are not intended to present the financial position, results of operations and changes in financial position and cash flows in accordance with the accounting principles generally accepted in such countries and IFRS.

**SECTION THREE**

**EXPLANATIONS ON ACCOUNTING POLICIES**

**I. EXPLANATIONS ON BASIS OF PRESENTATION**

**a. The preparation of the consolidated financial statements and related notes and explanations in accordance with the Turkish Accounting Standards and Regulation on the Principles and Procedures Regarding Banks’ Accounting Application and Keeping Documents:**

The consolidated financial statements are prepared within the scope of the “Regulation on Accounting Applications for Banks and Safeguarding of Documents” related with Banking Act numbered 5411 published in the Official Gazette no.26333 dated 1 November 2006 and other regulations related to reporting principles on accounting records of Banks published by Banking Regulation and Supervision Agency and circulars and interpretations published by Banking Regulation and Supervision Authority (together referred as BRSA Accounting and Reporting Legislation) and in case where a specific regulation is not made by BRSA, Turkish Accounting Standards, within the scope of interim reporting Turkish Accounting Standards 34 and Turkish Financial Reporting Standards (“IFRS”) and related appendices and interpretations (referred as “Turkish Accounting Standards” or “TAS”) put into effect by Public Oversight Accounting and Auditing Standards Authority (“POA”) (all referred as “Reporting Standards”). The format and content of the publicly announced consolidated financial statements and notes to these statements have been prepared in accordance with the “Communiqué on Publicly Announced Financial Statements, Explanations and Notes to These Financial Statements”, published in Official Gazette no. 28337, dated 28 June 2012, and amendments to this Communiqué. The Group maintains its books in Turkish Lira in accordance with the Banking Act, Turkish Commercial Code and Turkish Tax Legislation.

The consolidated financial statements have been prepared in TL, under the historical cost convention as modified in accordance with inflation adjustments until 31 December 2004, except for the financial assets and liabilities which are carried at fair value.

The Preparation of the financial statements in conformity with TAS requires the Bank Management to use of certain make assumptions and estimates on the assets and liabilities of the balance sheet and contingent issues as of the balance sheet date. These estimates are reviewed regularly and, when necessary, corrections are made and the effects of these corrections are reflected to the income statement.

The amendments of TAS and IFRS, except IFRS 9 Financial Instruments will come into force as of 01 January 2018, which have been effective as of reporting date have no impact on the accounting policies, financial position and performance of the Group.

**b. Accounting policies and valuation principles applied in the presentation of consolidated financial statements:**

**II. EXPLANATIONS ON STRATEGY OF USING FINANCIAL INSTRUMENTS AND EXPLANATIONS ON FOREIGN CURRENCY TRANSACTIONS**

The main sources of the Parent Bank are customer deposits and borrowings from abroad. The Parent Bank’s liquidity structure covers the financing of all liabilities at due date. This liquidity structure of the Group has been established by keeping sufficient cash and cash equivalents. The Parent Bank, diversify its funding sources and keeping cash and cash equivalent adequately for constitute the provider liquidity structure which matured liability affordability.

The Group applies sophisticated methods of the Group in daily market risk managing and control activities. In measuring the market risk and determining limits, with historical simulation method “Value at Risk” (“VaR”) approach is being applied. For the portfolios which are subject to market risk; product and portfolio based interest rate, daily and monthly maximum loss limits regarding the exchange rate and share price risk, Value at Risk limits, maturity limits and quantity limits are being applied. The limit usages are being monitored through various checkpoints and reported to the top management. Risk monitoring and control activities are being performed by independent units. For the portfolios which are subject to the interest risks, sensitivity of the changes in interest rates are being analyzed by “Present Value Basis Points” method (“PVBP”) and relevant limits are being determined.

Product and portfolio based various yield curve scenarios, stress scenarios, liquidity, gap, and volatility analysis have been performed regarding the control, monitor and management of the market risks. The purpose of these analyses are to be prepared for the possible risks and to make quick decisions regarding the targeted profitability.

These analyses, limit usages and controls are being discussed in monthly asset-liability committee meetings and decisions are being made in these meetings. The foreign exchange gains and losses from the foreign exchange transactions are being recorded at the date of transactions conducted. Foreign currency denominated monetary assets and liabilities are translated with the Parent Bank’s exchange rates. Gains and losses arising from such valuations are recognised in the income statement under the account of “Foreign exchange gains or losses”, except for foreign currency non-performing loans and other foreign currency denominated non monetary assets and liabilities.

**III. INFORMATION ON INVESTMENTS IN ASSOCIATES AND SUBSIDIARIES**

**XII. EXPLANATIONS ON GOODWILL AND OTHER INTANGIBLE ASSETS**

The Group’s intangible assets are composed of software, goodwill and establishment expenditures. Intangible assets are measured in accordance with “Intangible Assets Standard” (“TAS 38”) at cost on initial recognition and any directly attributable costs of setting the asset to work for its intended use are included in the initial measurement. Subsequently, intangible assets are carried at historical cost after the deduction of accumulated depreciation and the provision for value decreases. The depreciable amount of an intangible asset is allocated on a systematic basis over its useful life. The costs of the intangible assets purchased before 31 December 2004, end of the high inflation period is accepted as 31 December 2004, are subject to inflation indexation until 31 December 2004. Intangible assets purchased after 31 December 2004 are recognised with their acquisition cost in the financial statements.

The Parent Bank purchased Benkar Tüketici Finansmanı A.Ş. in the year 2002. The useful life of the goodwill arising out of the merger of Benkar with the Bank on 26 December 2002 is determined as 10 years. Therefore, it is amortised until the end of October 2006 and, amortised with 10% of amortization rate using the straight-line method. With Article 4 of the “Communiqué on Principles and Procedure of Accounting Principles of Banks and Preservation of Documents” which was published by BRSA in the Official Gazette No. 26333 dated 1 November 2006, the financial statements are prepared based on the Turkish Accounting Standards. Goodwill is tested annually or more frequently when there are indicators for impairment and carried at cost less accumulated impairment losses, if any, in line with “Turkish Accounting Standard for Impairment on Assets” (“TAS 36”).

Amortization of the other intangible fixed assets are based on the useful lives and amortised between the rates of 10% and 33,3% using the straight-line method.

**XIII. EXPLANATIONS ON PROPERTY AND EQUIPMENT**

All property and equipment are measured in accordance with “Property, Plant and Equipment Standard” (“TAS 16”) at its cost when initially recognised and any directly attributable costs of setting the asset in working order for its intended use are included in the initial measurement. Subsequently, property and equipment is carried at cost less accumulated depreciation and provision for value impairment. The costs of the property and equipment purchased before 31 December 2004 or subject to inflation indexation until 31 December 2004. Property and equipment 31 December 2004 are recognised with their purchase cost in the financial statements. Property and equipment are amortised by using the straight line method based on their useful lives, such as buildings depreciated at rate 2%, transportation vehicles at rates 15% - 20%, furnitures at rate 20%, other tangible assets at rates ranging from 2% to 33%. The depreciation charge for items remaining in the property and equipment for less than an accounting period at the balance sheet date is calculated in proportion to the period the item will remain in property and equipment. Gains and losses on the disposal of property and equipment are determined by deducting the net book value of the property and equipment from its net sales revenue. Repair and maintenance expenses in order to increase the useful life of the property and equipment are capitalized, other repair and maintenance costs are recognised as expenses. There are no mortgages, pledges or similar precautionary measures on tangible fixed assets.

**XIV. EXPLANATIONS ON LEASING TRANSACTIONS**

Assets acquired under finance lease agreements are capitalized in accordance with “Leases Standard” (“TAS 17”) at the inception of the lease at the “Lower of the fair value of the leased asset or the present value of the lease instalments to be paid for the leased asset”. Leased assets are included in the property and equipment and depreciation is charged on a straight-line basis over the useful life of the asset. If there is any diminution in value of the leased asset, a “Provision for value decrease” is recognised. Liabilities arising from the leasing transactions are included in “Finance lease payables” in the balance sheet. Interest and foreign exchange expenses regarding lease transactions are presented the income statement. The Group does not provide finance lease services as a “Lessor”. Transactions regarding operational lease agreements are accounted on an accrual basis in accordance with the terms of the related contracts.

**XV. EXPLANATIONS ON PROVISIONS AND CONTINGENT LIABILITIES**

Provisions and contingent liabilities are accounted in accordance with, “Provisions, Contingent Liabilities and Contingent Assets Standard” (“TAS 37”). Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events and a reliable estimate of the amount of the obligation can be made. When the amount of the obligation cannot be estimated and there is no possibility of an outflow of resources from the Group, it is considered that a “contingent” liability exists and it is disclosed in the related notes to the financial statements.

**XVI. EXPLANATIONS ON CONTINGENT ASSETS**

The contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits to the Group. Contingent assets are not recognised in financial statements since this may result in recognition of income that may never be realized. If an inflow of economic benefits to the Group has become probable, then the contingent asset is disclosed in the footnotes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the consolidated financial statements. If it has become virtually certain that an inflow of economic benefits will arise, the asset and the related income are recognised in the consolidated financial statements of the period in which the change occurs.

**XVII. EXPLANATIONS ON OBLIGATIONS RELATED TO EMPLOYEE RIGHTS**

Obligations related to employment termination and vacation rights are accounted for in accordance with “Employee Rights Standard” (“TAS 19”) and are classified under “Reserve for Employee Rights” account in the balance sheet. Under the Turkish Labour Law, the Group is required to pay a specific amount to the employees who have retired or whose employment is terminated other than the reasons specified in the Turkish Labour Law. The Group provides provision for retirement and termination liabilities by estimating the net present value of future payments of the Group arising from the retirement of employees and reflects this provision amount in the financial statements. For employee termination benefit provision calculation, future liability amounts are calculated and yearly discount rate is 3,30% (31 December 2014: 3,77%)

As of 31 March 2015, actuarial loss amounted to TL 2.736 (31 December 2014: TL 1.182 loss) is recognized under other income reserves in the financial statements.

All actuarial gains and losses are recognized under equity in accordance with revised TAS 19.

**XVIII. EXPLANATIONS ON TAXATION**

**a. Current Tax:**

According to the article no. 32 of “Corporate Tax Law” No. 5520 was published in the Official Gazette, No. 26205 dated 21 June 2006, the corporate tax rate is 20%. Corporate tax is calculated on the total income of the Group after adjusting for certain disallowable expenses, exempt income and other allowances. No further tax is payable unless the profit is distributed. Dividends paid to non-resident corporations, which have a place of business in Turkey or are resident corporations, are not subject to withholding tax. Otherwise, dividends paid are subject to withholding tax at the rate of 15%. In applying the withholding tax rates on dividend payments to the nonresident institutions and the individuals, the withholding tax rates covered in the related Double Tax Treaty Agreements are taken into account. An increase in capital via issuing bonus shares is not considered as profit distribution and thus does not incur withholding tax.

The prepaid taxes are calculated and paid at the rates valid for the corporate tax rate of the related years. Advance tax paid by corporations which is for the current period is credited against the annual corporation tax calculated on their annual corporate income in the following year. Companies file their tax returns until the 25th day of the following forth month after the closing of the accounting year to which they relate.

Under the Turkish Corporate Tax Law, losses can be carried forward to offset against future taxable income for up to five years. Tax losses cannot be carried back to offset profits from previous periods.

**XVIII. EXPLANATIONS ON TAXATION (Continued)**

The tax applications for foreign branches;

*Turkish Republic of Northern Cyprus (“KKTC”)*

According to the Corporate Tax Law of the Turkish Republic of Northern Cyprus no.41/1976 as amended, the corporate earnings (including foreign corporations) are subject to a 10% corporate tax and 15% income tax. This tax is calculated based on the income that the taxpayers earn in an accounting period. Tax base is determined by modifying accounting income for certain exclusions and allowances for tax purposes. The corporations cannot benefit from the rights of offsetting losses, investment incentives and amortisation unless they prepare and have certified their balance sheets, income statements and accounting records used for tax calculations by an auditor authorized by the Ministry of Finance. In cases where it is revealed that the earnings of a corporation were not subject to taxation in prior years or the tax paid on such earnings are understated, additional taxes can be charged in the next seventeen days following that the related taxation period. The corporate tax returns are filed in the tax administration office in April after following the end of the accounting year to which they relate. The corporate taxes are paid in two equal instalments in May and October.

**b. Deferred Tax Asset/Liability:**

The Group calculates and accounts for deferred income taxes for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in these consolidated financial statements in accordance with “Income Taxes Standard” (“TAS 12”) and the related decrees of the BRSA concerning income taxes. In the deferred tax calculation, the enacted tax rate, in accordance with the tax legislation, is used as of the balance sheet date. Deferred tax liabilities are recognized for all resulting temporary differences whereas deferred tax assets resulting from temporary differences are recognized to the extent that it is probable that future taxable profit will be available against which the deferred tax assets can be utilized. Deferred tax assets and liabilities are presented as net in the consolidated financial statements in accordance with TAS 12.

Various operations and calculations with unascertained effects on final tax amount occur during standard workflow, and these require important judgement in determining income tax provision. Bank records tax liabilities caused by projections of additional taxes to be paid as a result of tax related incidents. In cases where final tax results based on these incidents differ from initially recorded amounts, differences may effect income tax and deferred tax assets of the period they are recognized.

Group may generate deferred tax asset based on best projection and budget from accumulated financial loss, in accordance with tax legislation, as long as it appears possible to generate financial profit that can be reduced in following periods.

In cases which Group’s final operating results differ from projections of current period, differences may effect available financial loss amount and deferred tax asset.

**c. Transfer Pricing:**

The article no.13 of the Corporate Tax Law describes the issue of transfer pricing under the title of “disguised profit distribution” by way of transfer pricing. “The General Communiqué on Disguised Profit Distribution by Way of Transfer Pricing” published at 18 November 2007, explains the application related issues on this topic. According to this communiqué, the taxpayers conduct transactions like purchase and sale of goods or services with the related parties where the prices are not determined according to the arm’s length principle, then it will be concluded that there is a disguised profit distribution by way of transfer pricing. Such disguised profit distributions will not be deducted from the corporate tax base for tax purposes. As stated in the “7.1 Annual Documentation” section of this communiqué, the taxpayers are required to fill out the “Transfer Pricing, Controlled Foreign Entities and Thin Capitalization” form for the purchase and sale of goods or services conducted with their related parties in a taxation period, attach these forms to their corporate tax returns and submit to the tax offices. Group has filled out the related form and presented it to the tax office.

**II. EXPLANATIONS ON CONSOLIDATED CREDIT RISK**

- a. In credit risk, there are no specific limitations for a specific geographical region. However, if there will be a risk which is affecting a specific region then the necessary limitation shall be applied and the necessary action shall be taken in order to revaluation of the risk. Risk monitoring and sectoral based customer group limitations are conducted. The limitations which are determined for a specific risk group are determined in accordance with Banking Regulation and other relevant regulations. Loan usages are monitored instantly by the system. The credits depending on a risk group are also evaluated in the consolidated financial tables. Loan proposal are considered once in a year, however, for the loans under follow-up are considered in every 3 or 6 months.

In assigning loan limits, extending credit, derivative and other future delivery derivative transactions are conducted depending to management’s authorization, approval and control processes. Customer’s and bank’s treasury department staff based monitoring is conducted on determining daily risk limits and risk allocations with risk concentrations regarding the balance sheet and off-balance transactions conducted. Product based risk parameters are considered when allocating limits for the derivative products.

- b. When evaluated together with the financial operations of other financial institutions as an active participant in international banking market and when it is considered that a significant portion of the loan portfolio of the Bank consists of retail loans, it is thought that there is no significant level of loan risk concentration.
- c. The Parent Bank provided a general provision amounting to TL 399.707 (31 December 2014: TL 362.405).

**III. EXPLANATIONS ON CONSOLIDATED MARKET RISK**

- a. **Whether the Group within the financial risk management objectives hedges itself against market risk, the precautions taken by the Parent’s Bank Board of Directors for market risk, the methods used for measuring market risk and time intervals for measurement of market risk:**

The Parent’s Bank applies the advanced methods applied by the HSBC Group daily in order to manage and control the market risk. For risk measurement and limit determination, Value at Risk approach with historical simulation method is used. For the portfolios that are subject to market risk product and portfolio based on monthly and daily maximum loss limits regarding the interest rate, currency and stock certificate price risks, Value at Risk limits, prompt limits and size limits are applied. The usage of limits are monitored through various control points and reported to the top management daily. Risk monitoring and control activities are conducted by independent departments.

Sensitivity to volatility in the interest rates of the assets and liabilities which are sensitive to interest rates is analyzed by “Present Value Basis Point” method and interest risks are managed accordingly with related limits.

Besides controlling market risk, in regard to monitoring and managing the market risk, product and portfolio based yield curve scenarios, stress scenarios, liquidity, gap and volatility analysis are conducted. Through these analyses, it is aimed to be prepared and making fast decisions in regard to the targeted profitability and potential risks.

Operation limits is calculated considering change of price-ratio (currency risk, interest risk), volatility, present value basis points (“PVPB”), correlation risk and market liquidity risk which are main components of market risk. VaR analyses, stress tests and scenario tests are implemented continuously. These tests aim to determine that intended profit and potential risk parameters are matching.

Market potentials are overseen continuously for risk reducing positions, protective operations against risk and insurance operations if necessary. Foreign currency and total liquidity ratio, VaR and PVPB limits and excess of limit, internal capital requirement and results of stress test are reported monthly to Top Management and Market Risk Committee.

**d. Information related to counterparty credit risk:**

Not disclosed in compliance with the Article 25 of the communiqué “Financial Statements and Related Disclosures and Footnotes to be Announced to Public by Banks”.

**IV. EXPLANATIONS ON CONSOLIDATED OPERATIONAL RISK**

The Group is monitoring operational risks through area of activity basis and generating a loss database. Reporting mechanism regarding the operational risks has been generated and business units have adopted the loss reporting concept where the losses realized or fixed when noticed. Therefore, key risk indicators are generated and new control points about the processes can be determined.

The amount subject to the operational risk is calculated through the use of the gross income of the Bank in 2014, 2013 and 2012 in accordance to the “Regulation Regarding Measurement and Evaluation of the Bank’s Capital Adequacy Ratio” published in the Official Gazette No.29111 dated 6 September 2014. In the scope of “Capital adequacy ratio” stated in Note I of this section, amount subjected to operational risk is TL 3.307.776 represented risk weighted assets for operational risk and 8% of that amount is TL 264.622 represented related capital requirement.

**VII. EXPLANATIONS ON CONSOLIDATED LIQUIDITY RISK**

- a. Basis for the current liquidity risk of the Group and the necessary measures taken, limitations imposed by the Group’s Board of Directors on fund sources that can be used in payment of matured debts and can meet the immediate liquidity need:**

Liquidity risk is managed through considering factors such as, cash flows expected at the relevant period of time, credit quality of the assets in the balance sheet, deposit extensity/quality and various loss possibilities. As a principle conservative liquidity reserve is maintained.

For various liquidity crisis scenarios, liquidity crisis management methods are prepared as ready to use.

- b. Consistency of payments with the assets and liabilities and the interest rates, and the probable effects of the actual inconsistency on profitability:**

Since the Group is pricing its liabilities faster than its assets, hence positively affected from the decreases in the general rate of interests and negatively affected from increases in the general rate of interests. These effects are managed through the pre-determined limits.

- c. Internal and external sources for short and long-term liquidity needs of the Group, unused significant liquidity sources:**

The Group acts conservative on foreign currency liquidity management and in order to meet liquidity needs completely, maintains adequate reserves. When uncertainty in the markets increases the conservativeness level increases as well. For using in various crisis scenarios the Group maintains its borrowing potential and examining its borrowing potential from both domestic and abroad financial institutions.

- d. Evaluation of amount and sources of the Group’s cash flows:**

As mentioned above, the Group has sufficient cash and cash inflow to supply its cash outflow literally and on time.

**f. Information on securitisation positions:**

None.

**g. Explanations on credit risk mitigation techniques:**

The Group does not perform net-off of balance sheet and off-balance sheet items in credit risk mitigation.

The monetary collaterals are included in the process of credit risk mitigation with their current value as of reporting date. The legal validity of the real estate mortgages are provided with timely and duly registry of the collaterals. The changes in market conditions that will be important, are monitored.

In terms of credit risk mitigation the Group uses cash, government and treasury bonds and debt instrument with high credit quality as collateral type. Mortgages on dwelling and commercial real estate reported under different risk class are other main types of collaterals.

The volatility adjustments regarding the receivables, collaterals and currency mismatch of the collaterals are made as per the standard volatility-adjustment approach defined in the article 37 of the above mentioned regulation.

<b>Total</b>	<b>35.723</b>	<b>2.567.404</b>	<b>676.346</b>	<b>2.468.449</b>

**3. Explanations on reserve requirements:**

The banks operating in Turkey are subject to the Central Bank of the Republic of Turkey’s Communiqué numbered 2005/1 and are required to keep a deposit at the CBRT for their Turkish Lira, USD and/or Euro and standard gold.

As of 31 March 2015, the reserve deposit rates vary according to their maturity structure; the reserve deposit rates are realized between 5% - 11,50% (31 December 2014: 5% - 11,50%), for TL deposits and other liabilities, and between 6% - 13% for FC deposits (31 December 2014: 6% - 13%).

Based upon press announcement of Central Bank of the Republic of Turkey with number 2014/72 on 21 October 2014, there will be interest payment on TL reserve deposits starting from November 2014. Based upon press announcement of Central Bank of the Republic of Turkey with number 2015/1 on 3 January 2015, Banks will hold reserve deposits between 6% and 18% for reserve deposit requirement generating foreign currency liabilities, depending on the state of deposits and non-deposit liabilities at Central Bank of the Republic of Turkey as of liability statement dated 13 February 2015. Based upon press announcement of Central Bank of the Republic of Turkey with number 2015/19 on 10 March 2015, ratios for reserve deposits of reserve deposit requirement generating foreign currency liabilities, depending on the state of deposits and non-deposit liabilities has been updated as 6% and 20% as of liability statement dated 13 March 2015.

Based upon press announcement of Central Bank of the Republic of Turkey with number 2014/05 on 23 January 2015, it is adjudicated that 2 per mille commission will be charged to Banks’ reserve deposit in Euro currency, and two day notice foreign exchange deposit accounts within CBRT as of 1 February 2015.

**11. Information on the collection policy of non-performing loans and other receivables:**

For uncollectible loans, primarily, a reach for an agreement with the company and third parties (natural and/or legal) having guarantees subject to the risk is being sought and actions either aimed at liquidation of collateral in the loan risk warranty or aimed at proceedings without judgment are taken. In case of obtaining no result in consequence of these actions, liquidation subject to requirements within the framework of legal regulations designated by the Parent Bank's top management occurs.

**2. Information on employee benefit provisions:**

As of 31 March 2015 the Group has employee termination benefit provision amounting to TL 31.996 (31 December 2014: TL 29.113), and unused vacation provision amounting to TL 6.756 (31 December 2014: TL 5.686).

In accordance with existing Turkish Labour Law, the Group is required to make lump-sum termination indemnities to each employee who has completed one year of service with the Bank and whose employment is terminated due to retirement or for reasons other than resignation or as mentioned in related legislation.

The computation of the liability is based upon the retirement pay ceiling announced. The applicable ceiling amount as at 31 March 2015 is TL 3.541,37 (full TL) (31 December 2014: TL 3.438,22 (full TL)). Employee termination benefit liability is not legally dependent on any kind of funding, and there is no requirement on funding.

The reserve for employment termination benefits represents the present value of the estimated total liability for the future probable obligation of the Group determined by using certain actuarial assumptions. TAS 19 requires actuarial valuation methods to be used in order to calculate Bank's liabilities.

The assumption is that retirement pay ceiling is expected to increase as per the inflation rate every year. Thus discount rate applied shall represent real rate, net of inflation. Since retirement pay ceiling amount is determined once every six months, employee benefit liability of the Group is calculated from the ceiling amount valid from 1 January 2015, TL 3.541,37 (full TL) (31 December 2014: TL 3.438,22 (full TL)).

**IV. EXPLANATIONS AND NOTES RELATED TO THE CONSOLIDATED INCOME STATEMENT**  
**(Continued)**

**k. Explanations on net profit and loss:**

**1. Any further explanation on operating results needed for a proper understanding of the Bank’s performance:**

Net interest income, amounting to TL 354.103 (31 March 2014: TL 284.617), net wage and commission income amounting to TL 142.347 (31 March 2014: TL 167.940) have an important role among the income items in the interim accounting period ending on 31 March 2015. The wage and commission income received from cash loans are presented in the net interest income. Considering the distribution in interest income, the most important sources of the Bank’s interest income are the interests received from loans, securities and interbank money market. The main portion of the interest expenses consists of the interests paid for deposits and loans received. The most important portion of the commission income consists of the commissions received from credit card transactions and other banking transactions.

**2. The effect on the current period profit/loss of the changes in estimations related to financial statements made by the Group, explanation if any effect of these changes in the subsequent periods:**

No changes have been made in the accounting estimates which may have a material effect in current period and materially affect subsequent periods.
