AUDITOR'S REVIEW REPORT ON INTERIM FINANCIAL INFORMATION

(Convenience translation of the independent auditor's review report originally issued in Turkish, See Note I of Section Three)

To the Board of Directors of HSBC Bank A.Ş.;

Introduction

We have reviewed the consolidated balance sheet of HSBC Bank A.Ş. ("the Bank") and its subsidiaries at 31 March 2016 and the related consolidated income statement, consolidated statement of income and expense items under shareholders' equity, consolidated statement of changes in shareholders' equity, consolidated statement of cash flows and a summary of significant accounting policies and other explanatory notes to the consolidated financial statements for the three-month-period then ended. The Bank Management is responsible for the preparation and fair presentation of interim financial statements in accordance with the Banking Regulation and Supervision Agency ("BRSA") Accounting and Reporting Legislation" which includes "Regulation on Accounting Applications for Banks and Safeguarding of Documents" published in the Official Gazette no.26333 dated 1 November 2006, and other regulations on accounting records of Banks published by Banking Regulation and Supervision Agency and circulars and interpretations published by BRSA and Turkish Accounting Standard 34 "Interim Financial Reporting" for those matters not regulated by BRSA Accounting and Reporting Legislation. Our responsibility is to express a conclusion on these interim financial statements based on our review.

Scope of Review

We conducted our review in accordance with the Standard on Review Engagements (SRE) 2410, "Limited Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial reporting process, and applying analytical and other review procedures. A review of interim financial information is substantially less in scope than an independent audit performed in accordance with the Independent Auditing Standards and the objective of which is to express an opinion on the financial statements. Consequently, a review of the interim financial information does not provide assurance that the audit firm will be aware of all significant matters which would have been identified in an audit. Accordingly, we do not express an opinion.

Conclusion

Based on our review nothing has come to our attention that causes us to believe that the accompanying consolidated financial statements do not give a true view of the financial position of HSBC Bank A.Ş. and its subsidiaries at 31 March 2016 and of the results of its operations and its cash flows for the three-month-period then ended in all aspects in accordance with the BRSA Accounting and Reporting Legislation.

Report on other regulatory requirements arising from legislation

Based on our review, nothing has come to our attention that causes us to believe that the financial information provided in the accompanying interim report in Section Seven, is not consistent with the consolidated financial statements and disclosures in all material respects.

Additional Paragraph for Convenience Translation:

The effects of differences between accounting principles and standards explained in detail in Section Three and accounting principles generally accepted in countries in which the accompanying consolidated financial statements are to be distributed and International Financial Reporting Standards ("IFRS") have not been quantified in the accompanying consolidated financial statements. Accordingly, the accompanying consolidated financial statements are not intended to present the financial position, results of operations and changes in financial position and cash flows in accordance with the accounting principles generally accepted in such countries and IFRS.

SECTION ONE

GENERAL INFORMATION ABOUT THE PARENT BANK

I. THE PARENT BANK’S FOUNDATION DATE, START-UP STATUS, HISTORY REGARDING THE CHANGES IN THIS STATUS

It has been approved by the decision of the Council of Ministers dated 27 June 1990 and numbered 90/644 that HSBC Bank A.Ş. (“the Bank”, “the Parent Bank”, “HSBC Bank”) was established to conduct banking activities and the articles of association published in the Official Gazette No. 2611 dated 18 September 1990. The Bank is a foreign-capitalized bank which has been registered in accordance with the Law on Encouraging Foreign Investments numbered 6224 100% of the shares of the Bank is owned by HSBC Bank Plc which is a bank established in England. On 20 September 2001 the ‘Share Sales Agreement’ regarding the sale of all shares of Demirbank T.A.Ş. which was under in Saving Deposit Insurance Fund was signed by the Bank’s main share holder HSBC Bank Plc. According to this agreement the required procedures shall be completed by 31 October 2001 and all shares of the Demirbank T.A.Ş., together with a part of the assets and liabilities shall be transferred to HSBC Bank Plc on 31 October 2001. In 14 December 2001, Demirbank T.A.Ş. and the Bank merged under the name of HSBC Bank Anonim Şirketi and continued its activities. On 19 September 2002, the Bank has signed the share sales agreement with Benkar Tüketici Finansmanı ve Kart Hizmetleri A.Ş. (“Benkar”) and acquired all shares of Benkar. On 25 December 2002 according to both Benkar’s and the Bank’s board of directors’ minute all assets and liabilities of Benkar is transferred to the Bank.

II. EXPLANATION ABOUT THE PARENT BANK’S CAPITAL STRUCTURE, SHAREHOLDERS OF THE BANK WHO ARE IN CHARGE OF THE MANAGEMENT AND/OR AUDITING OF THE BANK DIRECTLY OR INDIRECTLY, CHANGES IN THESE MATTERS (IF ANY) AND THE GROUP THAT THE BANK BELONGS TO

As of 31 March 2016, the Parent Bank’s nominal capital amounting to TL 652.290 is dividend to 65.229.000.000 shares with a nominal value of TL 0,01. The share capital of the Bank has been fully paid and registered. All shares of the Bank are owned by HSBC Bank Plc that is located in England and established in accordance with British Law. As of 31 March 2016 there has been no changes regarding the Bank’s capital structure and shareholders of the Bank who are in charge of the management or auditing of the Bank directly or indirectly.

An announcement was placed on Public Disclosure Platform on 9 June 2015 stating that HSBC Bank PLC, main shareholder of HSBC Bank A.Ş., has decided to sell its shares and that throughout this process Bank’s customers and employees have priority and customers will have uninterrupted service.

On 22 February 2016 HSBC Group announced that the process to sell HSBC Turkey had concluded with a decision to retain and restructure the business. In line with this decision, Bank took several important steps in the first quarter of 2016 to enhance its wholesale and premium positioning. These steps included changes to organisational design and leadership, major investments in IT infrastructure, and strategic actions to reduce and re-focus the branch network including branch mergers and closures. Ultimately, Bank is confident that these initiatives will provide greater value to customers and give the Bank a strong foundation for long-term profitability.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AT 31 MARCH 2016

(Unless otherwise stated amounts are expressed in thousands of Turkish Lira (“TL”).)

SECTION THREE

EXPLANATIONS ON ACCOUNTING POLICIES

I. EXPLANATIONS ON BASIS OF PRESENTATION

a. The preparation of the consolidated financial statements and related notes and explanations in accordance with the Turkish Accounting Standards and Regulation on the Principles and Procedures Regarding Banks’ Accounting Application and Keeping Documents:

The consolidated financial statements are prepared within the scope of the “Regulation on Accounting Applications for Banks and Safeguarding of Documents” related with Banking Act numbered 5411 published in the Official Gazette no.26333 dated 1 November 2006 and other regulations related to reporting principles on accounting records of Banks published by Banking Regulation and Supervision Agency and circulars and interpretations published by Banking Regulation and Supervision Authority (together referred as BRSA Accounting and Reporting Legislation) and in case where a specific regulation is not made by BRSA, Turkish Accounting Standards, within the scope of interim reporting Turkish Accounting Standards 34 and Turkish Financial Reporting Standards (“TFRS”) and related appendices and interpretations (referred as “Turkish Accounting Standards” or “TAS”) put into effect by Public Oversight Accounting and Auditing Standards Authority (“POA”) (all referred as “Reporting Standards”). The format and content of the publicly announced consolidated financial statements and notes to these statements have been prepared in accordance with the “Communiqué on Publicly Announced Financial Statements, Explanations and Notes to These Financial Statements”, published in Official Gazette no. 28337, dated 28 June 2012, and amendments to this Communiqué. The Group maintains its books in Turkish Lira in accordance with the Banking Act, Turkish Commercial Code and Turkish Tax Legislation.

The consolidated financial statements have been prepared in TL, under the historical cost convention as modified in accordance with inflation adjustments until 31 December 2004, except for the financial assets and liabilities which are carried at fair value.

The Preparation of the consolidated financial statements in conformity with TAS requires the Bank Management to use of certain make assumptions and estimates on the assets and liabilities of the balance sheet and contingent issues as of the balance sheet date. These estimates are reviewed regularly and, when necessary, corrections are made and the effects of these corrections are reflected to the income statement. The estimates and projections used are explained in the corresponding disclosures.

The amendments of TAS and TFRS, except TFRS 9 Financial Instruments will come into force as of 01 January 2018, which have been effective as of reporting date have no impact on the accounting policies, financial position and performance of the Group.

b. Accounting policies and valuation principles applied in the preparation of consolidated financial statements:

The accounting policies and valuation principles applied in the preparation of consolidated financial statements are determined and applied in accordance with the reporting standards. These accounting policies and valuation principles are explained in explanations on accounting policies section

c. Explanation for convenience translation into English:

The differences between accounting principles, as described in these preceding paragraphs and accounting principles generally accepted in countries in which the complying consolidated financial statements are to be distributed and International Financial Reporting Standards (“IFRS”) have not been quantified in these consolidated financial statements. Accordingly, these consolidated financial statements are not intended to present the financial position, results of operations and changes in financial position and cash flows in accordance with the accounting principles generally accepted in such countries and IFRS.

II. EXPLANATIONS ON STRATEGY OF USING FINANCIAL INSTRUMENTS AND EXPLANATIONS ON FOREIGN CURRENCY TRANSACTIONS

The main sources of the Parent Bank are customer deposits and borrowings from abroad. The Parent Bank’s liquidity structure covers the financing of all liabilities at due date. This liquidity structure of the Group has been established by keeping sufficient cash and cash equivalents. The Parent Bank, diversify its funding sources and keeping cash and cash equivalent adequately for constitute the provider liquidity structure which matured liability affordability.

The Group applies advanced methods of the Group in daily market risk managing and control activities. In measuring the market risk and determining limits, with historical simulation method “Value at Risk” (“VaR”) approach is being applied. For the portfolios which are subject to market risk; product and portfolio based interest rate, daily and monthly maximum loss limits regarding the exchange rate and share price risk, Value at Risk limits, maturity limits and quantity limits are being applied. The limit usages are being monitored through various checkpoints and reported to the top management. Risk monitoring and control activities are being performed by independent units. For the portfolios which are subject to the interest risks, sensitivity of the changes in interest rates are being analyzed by “Present Value Basis Points” method (“PVBP”) and relevant limits are being determined.

Product and portfolio based various yield curve scenarios, stress scenarios, liquidity, gap, and volatility analysis have been performed regarding the control, monitor and management of the market risks. The purpose of these analyses are to be prepared for the possible risks and to make quick decisions regarding the targeted profitability.

These analyses, limit usages and controls are being discussed in monthly asset-liability committee meetings where value added decisions are made. The foreign exchange gains and losses from the foreign exchange transactions are being recorded at the date of transactions conducted. Foreign currency denominated monetary assets and liabilities are translated with the Parent Bank’s exchange rates. Gains and losses arising from such valuations are recognised in the income statement under the account of “Foreign exchange gains or losses”, except for foreign currency non-performing loans and other foreign currency denominated non monetary assets and liabilities.

III. INFORMATION ON INVESTMENTS IN ASSOCIATES AND SUBSIDIARIES

The Group has no investments in associates as of 31 March 2016. IV. EXPLANATIONS ON FORWARD TRANSACTIONS, OPTIONS AND DERIVATIVE INSTRUMENTS

In order to reduce the foreign exchange position risk the Group conducts currency forward purchase and sale transaction agreements, currency swap purchase and sale transaction agreements and option purchase and sale agreements. In order to reduce the interest risk, the Group conducts interest futures, interest swaps and forward interest rate agreements. According to TAS 39 the transactions which are classified as hedging or trading and recognised at fair value. The fair value of derivative instruments are recorded on the market value or discounted cash flow value is taken in the account. If the fair value of derivative financial instruments is positive, it is disclosed under the main account “financial assets at fair value through profit or loss” in “trading derivative financial assets” or “hedging derivative financial assets” and if the fair value difference is negative, it is disclosed in “trading derivative financial liabilities” or “hedging derivative financial liabilities”. The fair value changes of the trading derivatives are recognized under “derivative financial transactions gains/(losses)” at income statement. The Parent Bank applies cash flow hedge accounting by cross currency swap transactions in order to hedge itself from the changes in the interest rates of the fixed-rate time deposits which have maturity of 1-3 month. While the effective portions are accounted under hedging reserves in shareholders’ equity as described in TAS 39, the ineffective portion is recognized at income statement.

V. EXPLANATIONS ON INTEREST INCOME AND EXPENSE

Interest income and expenses are recognised on an accrual basis using the effective interest rate method. In accordance with the related regulation, realized and unrealized interest accruals of the non performing loans are reversed. The interest income related to these loans are recorded as interest income only when collected.

VI. EXPLANATIONS ON FEE AND COMMISSION INCOME AND EXPENSES

All fees and commission income/expenses are recognised on an accrual basis in accordance with the matching principle or “Effective Rate Method (Internal Rate of Return Method)”, except for certain commission income and fees for various banking services which are recorded as income at the time of collection. Contract based fees or fees received in return for services such as the purchase and sale of assets on behalf of a third party or legal person are recognised as income at the time of collection.

VII. EXPLANATIONS ON FINANCIAL ASSETS

The Group categorizes its financial assets as “Fair value through profit/loss”, “Available-for-sale”, “Loans and receivables” and “Held-to-maturity”. The appropriate classification of financial assets of the Group is determined at trade dates.

a. Financial assets at fair value through profit or loss:

Financial assets at fair value through profit or loss consist of trading financial assets and financial assets at fair value through profit or loss. They are initially recognised at cost and subsequently re-measured at their fair value. While determining the fair value, the average price comprising in the active market is used and the gains and losses generated is recognized in the income statement.

Derivative financial instruments are treated as trading financial assets unless they are designated as hedge instruments. The principles regarding the accounting of derivative financial instruments are explained in detail in Note IV of Section Three.

b. Financial assets available-for-sale:

Available-for-sale financial assets are defined as financial assets other than the ones classified as “Loans and receivables”, “Held-to-maturity assets” or “Financial asset at fair value through profit or loss”. Financial assets available for sale are measured at fair value. Unrealized gains and losses arising from the changes in the fair value of financial assets available for sale with fixed maturity and certain cash flow are recognised at “marketable securities valuation fund” under the shareholders’ equity. The interest income which is calculated with the effective interest rate method is recognised in the income statement. When these securities are disposed of, the related fair value differences accumulated in the shareholders’ equity are transferred to the income statement. Available-for-sale equity securities that have a quoted market price in an active market and whose fair values can be reliably measured are carried at fair value and mentioned valuation differences are recognised at “marketable securities” valuation fund. Available-for-sale equity securities that do not have a quoted market price in an active market and whose fair values cannot be reliably measured are carried at cost, less provision for impairment.

c. Loans and receivables:

Financial assets that are originated by the Group by providing money, services or goods to borrowers are categorized as loans and receivables. Loans and receivables originated by the Group are recognised at the amortised cost value calculated using the effective interest rate method.

The Group makes risk assessment for the loans and receivables on the consumer and portfolio basis and provides specific provisions for the non performing loans not less than the determined minimum rates according to the (“Regulation on Procedures and Principles for Determination of Qualifications of Loans and Other Receivables by Banks and Provisions to be set aside”) published in the Official Gazette dated 1 November 2006 and numbered 26333. In addition to the non-performing loans, the Group provides general loan loss provisions for the loans and receivables which are defined in the same communiqué. The interests and accruals of the non-performing loans are derecognised from the financial statement and provision expense is recognized in the income statement . Releases of current period provisions are made by the reversal of the amount from the “Provision for Impairment of Loans and Other Receivables” account.

VII. EXPLANATIONS ON FINANCIAL ASSETS (Continued)

d. Investment securities held-to-maturity:

Investment securities held-to-maturity are financial assets that are not classified under loans and receivables and have fixed maturities and fixed or pre-determined payments where management has the intent and ability to hold the financial assets until maturity. Investment securities held-to-maturity are initially recognised at cost, and subsequently carried at amortized cost using the effective interest rate method; interest earned whilst holding investment securities held-to-maturity is reported as interest income and impairment for these financial assets recognised in the income statement. As of 31 March 2016 and 31 December 2015, the Group has no investment securities held-to-maturity.

VIII. EXPLANATIONS ON IMPAIRMENT OF FINANCIAL ASSETS

In each balance sheet date, the Group assesses if there is an objective evidence of the impairment of financial assets or financial asset groups. If such an indicator exists, the Group will perform the calculations. Impairment loss incurs if and only if, there is an objective evidence that the expected future cash flows of financial assets of group of financial assets are adversely affected by an event “loss event” incurred subsequent to recognition. In case the loans could not be collected; loans and other receivables are classified in order to provide specific and general provisions in accordance with the Communiqué on “Regulation on the Principles and Procedures Related to the Determination of the Loans and Other Receivables for which Provisions Shall be Set Aside by Banks and to the Provisions to be Set Aside” published in the Official Gazette No. 26333 dated 1 November 2006 and these provisions are changed against the income for the year.

IX. EXPLANATIONS ON OFFSETTING FINANCIAL ASSETS

Financial assets and liabilities are offset and the net amount is reported in the balance sheet when the Group has a legally enforceable right to offset the recognised amounts and there is an intention to collect/pay related financial assets and liabilities on a net basis.

X. EXPLANATIONS ON SALES AND REPURCHASE AGREEMENTS AND SECURITIES LENDING TRANSACTIONS

Securities subject to repurchase agreements are classified as “Financial assets at fair value difference through profit or loss” and “Available-for-sale securities” in the balance sheet according to the investment purposes and measured according to the portfolio of the Group to which they belong. The interest expense rediscount for funds obtained under repurchase agreement which is calculated with the effective interest rate method are recognised in the income statement. As of 31 March 2016 and 31 December 2015, funds given against securities purchased under agreements to resell (“Reverse repurchase agreements”) are accounted under “Receivables from reverse repurchase agreements” in the balance sheet. The difference between the purchase and resell price determined by these repurchase agreements is accrued evenly over the life of repurchase agreements using the effective interest rate method. The Group has no securities lending transactions. The Parent Bank has amounting to EUR 12.000 nominal government bonds as of 31 March 2016 that the Parent Bank has given as guarantees to Istanbul Stock Exchange Bond Market on behalf of its subsidiary, HSBC Yatırım Menkul Değerler A.Ş. (31 December 2015: EUR 12.000 nominal government bonds).

XI. EXPLANATIONS ON ASSETS AND LIABILITIES RELATED TO PROPERTY AND EQUIPMENT HELD FOR SALE PURPOSE AND DISCONTINUED OPERATIONS

As of 31 March 2016 and 31 December 2015, the Group has no discontinued operations. Property and equipment held-for-sale consist of tangible assets that were acquired due to nonperforming receivables, and are accounted in the consolidated financial statements in accordance with “Communiqué Regarding the Principles and Procedures for the Disposals of Immovable and Commodities Acquired due to Receivables and for Trading of Precious Metal” published in the Official Gazette dated 1 November 2006, No.26333 and classified as assets held for sale.

XII. EXPLANATIONS ON GOODWILL AND OTHER INTANGIBLE ASSETS

The Bank’s intangible assets are composed of software, goodwill and establishment expenditures. Intangible assets are measured in accordance with “Intangible Assets Standard” (“TAS 38”) at cost on initial recognition and any directly attributable costs of setting the asset to work for its intended use are included in the initial measurement. Subsequently, intangible assets are carried at historical cost after the deduction of accumulated depreciation and the provision for value decreases. The depreciable amount of an intangible asset is allocated on a systematic basis over its useful life. The costs of the intangible assets purchased before 31 December 2004, end of the high inflation period is accepted as 31 December 2004, are subject to inflation indexation until 31 December 2004. Intangible assets purchased after 31 December 2004 are recognised with their acquisition cost in the financial statements.

The Parent Bank purchased Benkar Tüketici Finansmanı A.Ş. in the year 2002. The useful life of the goodwill arising out of the merger of Benkar with the Bank on 26 December 2002 is determined as 10 years. Therefore, it is amortised until the end of October 2006 using the straight-line method. Regarding Article 4 of the “Communiqué on Principles and Procedure of Accounting Principles of Banks and Preservation of Documents” which was published by BRSA in the Official Gazette No. 26333 dated 1 November 2006, the Bank’s financial statements are prepared based on the Turkish Accounting Standards. Goodwill is tested annually or more frequently if the changes in environment indicates impairment, in line with “Turkish Accounting Standard for Impairment on Assets” (“TAS 36”). The Parent Bank has used discounted cash flow method for the most recent impairment test and reevaluated assumptions and estimations considering projections of the personal banking department. Calculated goodwill impairment was reflected on the income statement as of 2015 per testing results.

XIII. EXPLANATIONS ON PROPERTY AND EQUIPMENT

All property and equipment are measured in accordance with “Property, Plant and Equipment Standard” (“TAS 16”) at its cost when initially recognised and any directly attributable costs of setting the asset in working order for its intended use are included in the initial measurement. Subsequently, property and equipment is carried at cost less accumulated depreciation and provision for value impairment. The costs of the property and equipment purchased before 31 December 2004 or subject to inflation indexation until 31 December 2004. Property and equipment 31 December 2004 are recognised with their purchase cost in the financial statements. Property and equipment are amortised by using the straight line method based on their useful lives, such as buildings depreciated at rate 2%, transportation vehicles at rates 15% - 20%, furnitures at rate 20%, other tangible assets at rates ranging from 2% to 33%. The depreciation charge for items remaining in the property and equipment for less than an accounting period at the balance sheet date is calculated in proportion to the period the item will remain in property and equipment. Gains and losses on the disposal of property and equipment are determined by deducting the net book value of the property and equipment from its net sales revenue. Repair and maintenance expenses in order to increase the useful life of the property and equipment are capitalized, other repair and maintenance costs are recognised as expenses. There are no mortgages, pledges or similar precautionary measures on tangible fixed assets.

XIV. EXPLANATIONS ON LEASING TRANSACTIONS

Assets acquired under finance lease agreements are capitalized in accordance with “Leases Standard” (“TAS 17”) at the inception of the lease at the “Lower of the fair value of the leased asset or the present value of the lease instalments to be paid for the leased asset”. Leased assets are included in the property and equipment and depreciation is charged on a straight-line basis over the useful life of the asset. If there is any diminution in value of the leased asset, a “Provision for value decrease” is recognised. Liabilities arising from the leasing transactions are included in “Finance lease payables” in the balance sheet. Interest and foreign exchange expenses regarding lease transactions are presented the income statement. The Group does not provide finance lease services as a “Lessor”. Transactions regarding operational lease agreements are accounted on an accrual basis in accordance with the terms of the related contracts.

XV. EXPLANATIONS ON PROVISIONS, CONTINGENT ASSETS AND LIABILITIES

Provisions and contingent liabilities are accounted in accordance with, "Provisions, Contingent Liabilities and Contingent Assets Standard" ("TAS 37"). Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events and a reliable estimate of the amount of the obligation can be made. When the amount of the obligation cannot be estimated and there is no possibility of an outflow of resources from the Group, it is considered that a "contingent" liability exists and it is disclosed in the related notes to the financial statements. The Group recognized a full provision in its 31 March 2016 financials as part of its strategic actions in the scope of restructuring process. Details of these actions can be found in Part I Note II "Explanation About The Bank's Capital Structure, Shareholders of the Bank who are In Charge of the Management and/or Auditing of the Bank Directly Or Indirectly, Changes In These Matters (If Any) and The Group That The Bank Belongs To". The provision is classified under "Other Provisions" and recognized as an expense in income statement.

XVI. EXPLANATIONS ON CONTINGENT ASSETS

The contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits to the Group. Contingent assets are not recognised in financial statements since this may result in recognition of income that may never be realized. If an inflow of economic benefits to the Group has become probable, then the contingent asset is disclosed in the footnotes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the consolidated financial statements. If it has become virtually certain that an inflow of economic benefits will arise, the asset and the related income are recognised in the consolidated financial statements of the period in which the change occurs.

XVII. EXPLANATIONS ON OBLIGATIONS RELATED TO EMPLOYEE RIGHTS

Obligations related to employment termination and vacation rights are accounted for in accordance with "Employee Rights Standard" ("TAS 19") and are classified under "Reserve for Employee Rights" account in the balance sheet. Under the Turkish Labour Law, the Group is required to pay a specific amount to the employees who have retired or whose employment is terminated other than the reasons specified in the Turkish Labour Law. The Group provides provision for retirement and termination liabilities by estimating the net present value of future payments of the Group arising from the retirement of employees and reflects this provision amount in the financial statements. For employee termination benefit provision calculation, future liability amounts are calculated and yearly discount rate is 5,14% (31 December 2015: 4,95%)

As of 31 March 2016, actuarial loss amounted to TL 17.160 (31 December 2015: TL 21.126 loss) is recognized under other income reserves in the financial statements.

All actuarial gains and losses are recognized under equity in accordance with revised TAS 19.

XVIII. EXPLANATIONS ON TAXATION

a. Current Tax:

According to the article no. 32 of "Corporate Tax Law" No. 5520 was published in the Official Gazette, No. 26205 dated 21 June 2006, the corporate tax rate is 20%. Corporate tax is calculated on the total income of the Group after adjusting for certain disallowable expenses, exempt income and other allowances. No further tax is payable unless the profit is distributed.

Dividends paid to non-resident corporations, which have a place of business in Turkey or are resident corporations, are not subject to withholding tax. Otherwise, dividends paid are subject to withholding tax at the rate of 15%. In applying the withholding tax rates on dividend payments to the nonresident institutions and the individuals, the withholding tax rates covered in the related "Double Tax Treaty Agreements" are taken into account. An increase in capital via issuing bonus share is not considered as profit distribution and thus does not incur withholding tax.

The prepaid taxes are calculated and paid at the rates valid for the corporate tax rate of the related years. Advance tax paid by corporations which is for the current period is credited against the annual corporation tax calculated on their annual corporate income in the following year. Companies file their tax returns until the 25th day of the forth month after the closing of the accounting year to which they relate.

Under the Turkish Corporate Tax Law, losses can be carried forward to offset against future taxable income for up to five years. Tax losses cannot be carried back to offset profits from previous periods.

XVIII. EXPLANATIONS ON TAXATION (Continued)

The tax applications for foreign branches;

Turkish Republic of Northern Cyprus (“TRNC”)

According to the Corporate Tax Law of the Turkish Republic of Northern Cyprus no.41/1976 as amended, the corporate earnings (including foreign corporations) are subject to a 10% corporate tax and 15% income tax. This tax is calculated based on the income that the taxpayers earn in an accounting period. Tax base is determined by modifying accounting income for certain exclusions and allowances for tax purposes. The corporations cannot benefit from the rights of offsetting losses, investment incentives and amortisation unless they prepare and have certified their balance sheets, income statements and accounting records used for tax calculations by an auditor authorized by the Ministry of Finance. In cases where it is revealed that the earnings of a corporation were not subject to taxation in prior years or the tax paid on such earnings are understated, additional taxes can be charged in the next seventeen days following that the related taxation period. The corporate tax returns are filed in the tax administration office in April after following the end of the accounting year to which they relate. The corporate taxes are paid in two equal instalments in May and October.

b. Deferred Tax Asset/Liability:

The Group calculates and accounts for deferred income taxes for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in these financial statements in accordance with “Income Taxes Standard” (“TAS 12”) and the related decrees of the BRSA concerning income taxes. In the deferred tax calculation, the enacted tax rate, in accordance with the tax legislation, is used as of the balance sheet date. Deferred tax liabilities are recognized for all resulting temporary differences whereas deferred tax assets resulting from temporary differences are recognized to the extent that it is probable that future taxable profit will be available against which the deferred tax assets can be utilized. Deferred tax assets and liabilities are presented as net in the financial statements in accordance with TAS 12.

Based on its best projections and budget and within the framework of TAS 12’s relevant procedures, the Parent Bank has limited its deferred tax assets with its deferred tax liabilities. The Parent Bank has recognized deferred tax receivables amounting to TL 85.694 as an expense; TL 77.627 in 2015, and TL 8.067 as of March 2016. Aforementioned assesment will be reevaluated and reperformed on every following reporting date.

Various operations and calculations with unascertained effects on final tax amount occur during standard workflow, which require important judgement in determining income tax provision. Parent Bank records tax liabilities caused by projections of additional taxes to be paid as a result of tax related incidents. In cases which final tax results based on these incidents differ from initially recorded amounts, differences may effect income tax and deferred tax assets of the period they are recognized.

In cases where Parent Bank’s final operating results differ from projections of current period, differences may effect available financial loss amount and deferred tax asset.

c. Transfer Pricing:

The article no.13 of the Corporate Tax Law describes the issue of transfer pricing under the title of “disguised profit distribution” by way of transfer pricing. “The General Communiqué on Disguised Profit Distribution by Way of Transfer Pricing” published at 18 November 2007, explains the application related issues on this topic. According to this communiqué, the taxpayers conduct transactions like purchase and sale of goods or services with the related parties where the prices are not determined according to the arm’s length principle, then it will be concluded that there is a disguised profit distribution by way of transfer pricing. Such disguised profit distributions will not be deducted from the corporate tax base for tax purposes. As stated in the “7.1 Annual Documentation” section of this communiqué, the taxpayers are required to fill out the “Transfer Pricing, Controlled Foreign Entities and Thin Capitalization” form for the purchase and sale of goods or services conducted with their related parties in a taxation period, attach these forms to their corporate tax returns and submit to the tax offices. Group has filled out the related form and presented it to the tax office.

I. EXPLANATIONS ON CONSOLIDATED CAPITAL ADEQUACY RATIO (Continued)

c. Approaches for assessment of adequacy of internal capital requirements for current and future activities:

The "HSBC Bank's assessment process of adequacy of internal capital requirements and capital adequacy policies" was prepared in order to describe the assessment process of adequacy of internal capital requirements and capital adequacy policies, and approved by its board of directors in 26 September 2012. The ultimate aim of this internal capital requirements process is to maintain the continuity of capital adequacy under the Bank's strategies, business plan, and scope or in case of changes in developed assumption and methodology, the assessment methodology of internal capital requirements is a developing process, accordingly the future improvement areas are determined and the working plans are set.

With this evaluation process, on a prospective basis ensuring the continuity of the legal minimum limits of capital, keeping capital adequately to support the Bank's targeted risk profile and ensuring the maintenance of capital adequately as well as the process of compliance with laws and regulations.

d. The difference between Total Capital and Equity in the consolidated balance sheet mainly arises from the general provision. In the calculation of Total Capital, general provision up to 1,25% credit risk is taken into consideration as Tier II Capital. Besides, losses that are subject to deductions from Common Equity Tier I and reflected to Equity in line with the TAS, are determined by excluding the losses related to cash flow hedge transactions. On the other hand, in the calculation of the Total Capital, improvement costs for operating leases followed under tangible assets in the balance sheet, intangible assets and related deferred tax liabilities, net book value of immovables that are acquired against overdue receivables and retained more than five years, other items defined by the regulator are taken into consideration as amounts deducted from Total Capital.

V. EXPLANATIONS ON CONSOLIDATED INTEREST RATE RISK

There is a short term interest sensitivity gap at the balance sheet of the Bank due to a structural risk of the banking sector; obligation of funding of long-term assets with short-term deposits. Derivative financial instruments are used to mitigate possible interest rate risk of interest sensitive assets and liabilities. Interest rate futures and interest rate swap transactions are performed to reduce the balance sheet and off-balance sheet interest rate risk.

The Bank managed interest rate and prepayment risks of mortgages and other long-term loans with derivative financial instruments efficiently taking into consideration cost-benefit analysis and reduced the risk against to the fluctuations in global and local markets.

VI. EXPLANATIONS ON POSITION RISK OF EQUITY SECURITIES IN BANKING BOOK

(i) **Comparison of carrying, fair and market values of equity shares**

The Parent Bank's equity securities which are not publicly traded are booked as their cost value, if calculation of fair value cannot be determined properly.

(ii) **Realised gains/losses, unrealised gains/losses on revaluation surpluses from equity securities and amounts included in core and supplementary capitals**

None.

VII. EXPLANATIONS ON CONSOLIDATED LIQUIDITY RISK

Information about the liquidity risk management including factors such as risk capacity of the Parent Bank, responsibilities and the structure of liquidity risk management, reporting of the liquidity risk within the Bank and providing communication with Board of Directors and line of businesses in terms of liquidity risk strategy, policy and applications:

The Parent Bank has adopted principle of funding the liquidity and funding management of the Parent Bank with core funding instruments. Funds required must be available even under stressed conditions particular to the Bank and the Market

The Parent Bank's short term liquidity is managed by the Balance Sheet Management associated Treasury function. The management of liquidity and funding risks of the banking portfolio is conducted by Assets and Liabilities and Capital Management Unit (ALCM) operating under Finance department, within the framework of risk policies and risk appetite approved by Board of Directors. Board of Directors determines risk appetite and inherent risk limits of liquidity. Within approved risk appetite, inherent liquidity limits, and considering Bank's strategy and market conditions, Assets and Liabilities Committee (ALCO) is the decision making body regarding balance sheet management, identification and efficiency of funding sources, and determination of potential risks. The Asset-Liability Management Committee is responsible for preparing middle and long term liquidity strategies.

Strategic funding plan forms up the primary basis of the liquidity and funding risk management, updated at least in annual basis and formed up within the scope of risk appetite. According to the strategic funding plan approved by ALCO, actions are considered in order to provide the most cost-efficient, diversified and stable funding resources in terms of maturity, currency and funding resource; to monitor and evaluate balance sheet movements and projections and the current status of the balance sheet by APSY.

In addition to that, current and planned liquidity positions of bank is tracked at tactical ALCO meetings with the participation of business representatives at least on weekly basis and business line representatives are informed in order to be taken of necessary actions. The aim of these meetings is to ensure that the negative net cash flow of the bank liquidity will not occur and be managed in a way that will not lead to excess limits by comparing the current situation regarding to the balance sheet structure of business line with the approved limit usage of strategic funding plans and liquidity.

Information regarding functioning of liquidity management and the extent of centralization in funding strategy amid the Parent Bank and its subsidiaries:

All subsidiaries of the Parent Banks' controlling shareholder plan and manage their liquidity within the limits of their risk appetite and internal limits.

The information about the Parent Bank's funding strategy including policies on diversification of its sources and tenor of funding:

Liquidity and funding management of the the Parent Bank adopts funding illiquid assets with core funding instruments and funds in the need of to be always available as a principle. Core funding instruments are consisted of core deposit and long term non-deposit debt instruments. Within this context, liquidity and funding management is primarily based on the stability of Banks' deposit base and considers total core deposits as primary measurement. Deposits of retail banking customers is the primary component of funding management because they are more stable and cost-efficient compared to other line of businesses. At the same time, other debt instruments with maturities of medium and long term are also used because of diversifying and balancing funding base in terms of maturity, currency, fund resource and cost; and because their average deposit maturity is less than assets.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AT 31 MARCH 2016

(Unless otherwise stated amounts are expressed in thousands of Turkish Lira (“TL”).)

VII. EXPLANATIONS ON CONSOLIDATED LIQUIDITY RISK (Continued)

Information on liquidity management based on currency which consists of a minimum of 5% of the Parent Bank’s total liabilities:

Almost all of the Parent Banks’ total liabilities are in TL, USD and EURO. Liabilities in TL are generally consisted of deposits, repurchase agreements and Shareholder’s Equity. Liabilities in FC are consisted of deposits in FC and other debt instruments in FC.

Consolidated liquidity measurement of the Parent Banks’ total liquidity and selected currencies for short and long terms is planned within the context of strategic funding plan. FC and total internal risk limits approved by BoD exists.

Information on liquidity risk mitigation techniques:

In order to lower liquidity risk, internal liquidity limits above legal limits and liquidity buffer is used. Funding resources are diversified as much as possible by planning cash inflows and outflows within the context of strategic funding plan. Therefore, effective management of concentrations is ensured in terms of maturity, currency and funding resources. The Parent Bank also uses derivative transactions in order to lower liquidity risks.

Explanation of the usage of stress test:

Along with legal liquidity risk calculations and restrictions, in terms of liquidity management, stress tests and scenario analyses formed up according to the international liquidity management policies of HSBC are used. In these scenarios, liquidity crisis scenarios of the Parent Bank and macro liquidity crisis scenarios are considered. Triggering factors of liquidity risk and prewarning signals are tracked. Analyses and results of liquidity risk are tracked in tactical ALCO meetings weekly and in ALCO-Market Risk Committees monthly.

General Information on liquidity emergency and contingency plans:

Liquidity Emergency and Contingency Plan is approved by the BoD and ALCO and renewed on yearly basis. Plan contains detailed analyses and information about the actions to be taken in crisis management and employees responsible for the process, liquidity Access resources, liquidity situation of the Parent Bank, early warning indicators within graded liquidity crisis scenarios.

a. Liquidity coverage rate:

The change in matters that impact liquidity coverage rate and units that are used for the calculation of the ratio:

Liquidity coverage rate is calculated by dividing high quality liquid assets that Bank owns to net cash outflows with maturity of 1 month. Reserve requirements kept by CBT, reverse repurchase agreements, securities that are not subject to repurchase/collateral held for providing liquidity, corporate and bank deposits that may cause high cash outflows, non-deposit borrowings that are became due and receivables from banks form the most important components to affect the results of liquidity coverage rate because of being liquid assets, having high volume in net cash outflows and having high rate of consideration.

Since the internal liquidity limits of the Parent Bank is more conservative compared to liquidity coverage rate, bank liquidity coverage rate is greater than legal and internal limits. The ratio may fluctuate periodically due to reasons listed below;

- Changes in reserve requirements because of using FC reserve option in reserve requirement accounts kept by CBT.
- Transfer of the short-term liquidity to Money markets instead of debt instruments issued by CBT based on market conditions.
- Fluctuation of bank and corporate deposits that are highly considered in fund resources.
- Fluctuations that may occur due to the aging of non-deposit borrowings.
- Less than 1 month remaining maturity of cash inflows/outflows resulted specifically from FC derivative transactions.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AT 31 MARCH 2016

(Unless otherwise stated amounts are expressed in thousands of Turkish Lira (“TL”).)

VII. EXPLANATIONS ON CONSOLIDATED LIQUIDITY RISK (Continued)

Explanation regarding the components of high quality liquid assets:

High quality liquid assets are consisted of cash, effective depot, cheques purchased, time and demand deposit by CBT, overnight borrowing provided to banks via CBT in Interbank Money Market, reverse repurchase transactions and securities that are not subject to repurchase/collateral for providing liquidity.

Components density of fund resources in all funds:

The Parent Bank’s founding sources are consisted of real person and retail deposit, corporate bank deposits, repurchas agreements and borrowings. Deposits that are used for founding consists 60% of total liabilities.

Information about cash outflows resulted from derivative transactions and transactions that are likely to be collateralized:

Cash outflows resulted from derivative transactions are taken into account of liquidity coverage rate calculation by considering TL and FC net cash flows with 30-days maturity. Net cash flows resulted from derivative transactions have minimal effect on total liquidity coverage rate, however, differences in derivative volumes because of FC derivatives used in the management of cash flows based on currencies and because of incoming maturities of derivative transactions, periodic fluctuations on FC liquidity coverage rate may occur.

Concentration limits of collaterals in terms of fund resources based on counterparty and products:

Within the context of strategic funding plan, cash inflows and outflows are planned and effective management of concentration of fund resources in terms of maturity, currency and fund resource is aimed. In the context, customer-based deposit concentrations, limits and usages set up for the counterparties in non-deposit borrowings and maturity-based distribution of non-deposit borrowings are tracked and reported to ALCO every month periodically.

Exposed liquidity risk in the need of funding based on the bank itself, foreign brances and consolidated subsidiaries while considering operational and legal factors hampering liquidity transfer:

Liquidity risks of the Parent Bank’s foreign brances are managed in compliance with the regulations of related country.

SECTION FIVE

EXPLANATIONS AND NOTES RELATED TO THE CONSOLIDATED FINANCIAL STATEMENTS

I. EXPLANATIONS AND NOTES RELATED TO THE CONSOLIDATED ASSETS

a. Information related to cash equivalents and the balances with Central Bank of the Republic of Turkey (the “CBRT”):

1. Information on cash equivalents and the account of the CBRT:

	Current Period 31 March 2016		Prior Period 31 December 2015	
	TL	FC	TL	FC
Cash/Foreign Currency	207.423	167.930	217.225	216.614
The CBRT	52.137	2.586.332	114.993	2.831.815
Other (*)	-	15.245	280	13.547
Total	259.560	2.769.507	332.498	3.061.976

(*) As of 31 March 2016, account of Precious Metal is amounting to TL 15.245, and the Bank has no Money in Transit. (31 December 2015: Precious metal TL 13.547, Money in Transit: 280).

2. Information related to the account of the CBRT:

	Current Period 31 March 2016		Prior Period 31 December 2015	
	TL	FC	TL	FC
Unrestricted Demand Deposit	52.137	2.367	114.993	1.444
Unrestricted Time Deposits	-	-	-	-
Restricted Time Deposits	-	-	-	-
Reserve Requirements	-	2.583.965	-	2.830.371
Total	52.137	2.586.332	114.993	2.831.815

3. Explanations on reserve requirements:

The banks operating in Turkey are subject to the Central Bank of the Republic of Turkey’s Communiqué numbered 2005/1 and are required to keep a deposit at the CBRT for their Turkish Lira, USD and/or Euro and standard gold.

As of 31 March 2016, the reserve deposit rates vary according to their maturity structure; the reserve deposit rates are realized between 5% - 11,50% (31 December 2015: 5% - 11,50%), for TL deposits and other liabilities, and between 9% - 13% for FC deposits (31 December 2015: 9% - 13%).

Based upon press announcement of Central Bank of the Republic of Turkey with number 2014/72 on 21 October 2014, there will be interest payment on TL reserve deposits starting from November 2014. Based upon press announcement of Central Bank of the Republic of Turkey with number 2015/1 on 3 January 2015, Banks will hold reserve deposits between 6% and 18% for reserve deposit requirement generating foreign currency liabilities, depending on the state of deposits and non-deposit liabilities at Central Bank of the Republic of Turkey as of liability statement dated 13 February 2015. Based upon press announcement of Central Bank of the Republic of Turkey with number 2015/19 on 10 March 2015, ratios for reserve deposits of reserve deposit requirement generating foreign currency liabilities, depending on the state of deposits and non-deposit liabilities has been updated as 6% and 20% as of liability statement dated 13 March 2015.

For the liabilities to be realized after 28th August 2015, starting from the maintenance period of 23th October 2015, reserve requirement rate for Banks’ foreign currency liabilities in accordance with the structure of deposits and non-deposit liabilities to be kept by the Central Bank as reserve requirements are updated to between 5% and 25%. As of 28th August 2015, current rates are applied to the current liabilities until maturity.

Based upon press announcement of Central Bank of the Republic of Turkey with number 2015/35 on 2 May 2015, it is adjudicated that interest will be given to Banks’ reserve deposit in USD, reserve options and unrestricted deposits within CBRT with daily determined interest rates.

11. Information on the collection policy of non-performing loans and other receivables:

For uncollectible loans, primarily, a reach for an agreement with the company and third parties (natural and/or legal) having guarantees subject to the risk is being sought and actions either aimed at liquidation of collateral in the loan risk warranty or aimed at proceedings without judgment are taken. In case of obtaining no result in consequence of these actions, liquidation subject to requirements within the framework of legal regulations designated by the Parent Bank's top management occurs.

2. Information on employee benefit provisions:

As of 31 March 2016 the Group has employee termination benefit provision amounting to TL 51.799 (31 December 2015: TL 55.220), and unused vacation provision amounting to TL 9.074 (31 December 2015: TL 6.204).

In accordance with existing Turkish Labour Law, the Group is required to make lump-sum termination indemnities to each employee who has completed one year of service with the Bank and whose employment is terminated due to retirement or for reasons other than resignation or as mentioned in related legislation.

The computation of the liability is based upon the retirement pay ceiling announced. The applicable ceiling amount as at 31 March 2016 is TL 4.092,53 (full TL) (31 December 2015: TL 3.828,37 (full TL)). Employee termination benefit liability is not legally dependent on any kind of funding, and there is no requirement on funding.

The reserve for employment termination benefits represents the present value of the estimated total liability for the future probable obligation of the Group determined by using certain actuarial assumptions. TAS 19 requires actuarial valuation methods to be used in order to calculate Bank's liabilities.

The assumption is that retirement pay ceiling is expected to increase as per the inflation rate every year. Thus discount rate applied shall represent real rate, net of inflation. Since retirement pay ceiling amount is determined once every six months, employee benefit liability of the Bank is calculated from the ceiling amount valid from 1 January 2016, TL 4.092,53 (full TL) (31 December 2015: TL 3.828,37 (full TL)).

IV. EXPLANATIONS AND NOTES RELATED TO THE CONSOLIDATED INCOME STATEMENT (Continued)

k. Explanations on net profit and loss:

1. Any further explanation on operating results needed for a proper understanding of the Bank’s performance:

Net interest income, amounting to TL 252.621 (31 March 2015: TL 354.103), net wage and commission income amounting to TL 115.643 (31 March 2015: TL 142.347) have an important role among the income items in the interim accounting period ending on 31 March 2016. The wage and commission income received from cash loans are presented in the net interest income. Considering the distribution in interest income, the most important sources of the Bank’s interest income are the interests received from loans, securities and interbank money market. The main portion of the interest expenses consists of the interests paid for deposits and loans received. The most important portion of the commission income consists of the commissions received from credit card transactions and other banking transactions.

2. The effect on the current period profit/loss of the changes in estimations related to financial statements made by the Group, explanation if any effect of these changes in the subsequent periods:

No changes have been made in the accounting estimates which may have a material effect in current period and materially affect subsequent periods.

Message from Brian Robertson, Chairman

As we near the midpoint of 2016, many of the world's most important economies continue to produce disappointing results. In the United States, GDP growth over the first three months of the year was below expectations at 0,5%, driven by weak consumer spending and capital investment. Meanwhile, first quarter 2016 GDP growth is projected to have been negative in Brazil, nearly flat in Japan, and in China, at the lowest level in seven years (at 6,7%).

There are pockets of improving performance, however. In the 19-country Eurozone, GDP growth beat most forecasts in the first quarter (despite persistent deflation concerns), reaching 0,6% on the back of relatively strong economic activity in France and Spain. Further, the Eurozone unemployment rate has fallen to 10,2%, its lowest level since the summer of 2011.

The picture is mixed in Turkey, which is grappling with export challenges, currency volatility, regional political instability and a sharp decline in tourism receipts (tourism revenue may fall below USD 20bn over full-year 2016 for the first time since 2008). At the same time, Turkey's growth has outperformed expectations over the past six months, resulting in HSBC's economists raising their 2016 growth forecast for the country from 2,1% to 2,4%.

Turning to HSBC Turkey, on 22 February 2016 HSBC Group announced that its operations in Turkey would be retained and restructured. In line with this decision, HSBC Turkey took several important steps in the first quarter to enhance its wholesale and premium retail positioning. These included major investments in IT infrastructure, strengthening of our wholesale business and strategic actions to re-focus the branch network. Ultimately, these initiatives will provide greater value to our customers and give our bank a strong foundation for long-term profitability.

I would like to thank the board, management team, our colleagues and our clients for their commitment to HSBC.

Message from James Alasdair Emmett, CEO

Mixed economic signals continue to give the business community in Turkey reason for both optimism and concern. On the one hand, economic activity accelerated in the fourth quarter of 2015 (driven by strong private and public consumption), pushing full-year GDP growth up to 4%. This was well above expectations and the country's 3% growth performance in 2014.

More good news came in the first quarter of 2016, when inflation fell to a three year low, the current account deficit (CAD) fell to a six year low (though the core CAD remains largely unchanged), and net foreign inflows into the local equity and bond markets turned positive (exceeding USD 2bn as of end-March).

Yet challenges persist. Turkey's export performance, for example, has been hampered by a weak global growth cycle, subdued demand from the EU (home to Turkey's largest trading partners) and regional political instability. Over the first four months of 2016, these dynamics drove Turkish exports down 8,4% y-o-y, to USD 46,2bn.

Another well-documented issue is the level of private sector investment in Turkey, which has been low for several years. In part, this trend reflects the balance sheet challenges faced by local corporates, many of which have significantly increased their leverage and FX exposure. Indeed, this issue is of particular concern to banks in Turkey, which are now contending with a moderate increase in non-performing loans (NPLs). Even so, the banking industry remains liquid and well-capitalised.

Turning to HSBC Turkey, on 22 February 2016 HSBC Group announced that its operations in Turkey would be retained and restructured. In line with this decision, HSBC Turkey took several important steps in the first quarter to enhance its wholesale and premium retail positioning. These included major investments in IT infrastructure, strengthening of our wholesale business and strategic actions to re-focus the branch network. Ultimately, these initiatives will provide greater value to our customers and give our bank a strong foundation for long-term profitability.

Over the first three months of 2016, the restructuring programme led to a reduction in the HSBC Turkey balance sheet, with the loan portfolio falling 7,5% over YE15, to TRY 20bn, and deposits decreasing 4,6% over YE15, to TRY 18bn. As of 1Q16, the HSBC Turkey NPL ratio was 6,9% and the capital adequacy ratio was 16,40%, above the Banking Regulation and Supervision Agency target minimum ratio of 12%.

Total operating income fell 4,4% y-o-y in 2015, to TRY 459m, and total operating expenses decreased 3,6% y-o-y to TRY 321m. Driven by restructuring costs, HSBC Turkey recorded a loss before tax of TRY 77m in 1Q2016. Our cost/income ratio was 70%.

I would like to thank my management team, our colleagues and our customers for their commitment.

Additional Information on Period Between 01.01.2016-31.03.2016

An announcement was placed on Public Disclosure Platform on 9 June 2015 stating that HSBC Bank PLC, main shareholder of HSBC Bank A.Ş., has decided to sell its shares and that throughout this process Bank's customers and employees have priority and customers will have uninterrupted service. More details will be provided in later announcements.

On 22 February 2016 HSBC Group announced that the process to sell HSBC Turkey had concluded with a decision to retain and restructure the business. In line with this decision, Bank took several important steps in the first quarter of 2016 to enhance its wholesale and premium positioning. These steps included changes to organisational design and leadership, major investments in IT infrastructure, and strategic actions to reduce and re-focus the branch network including branch mergers and closures. Ultimately, Bank is confident that these initiatives will provide greater value to customers and give the Bank a strong foundation for long-term profitability.

As per Board of Directors' Decision No. 13538 dated 17 March 2016, it was decided that "Executive Vice Presidency of Corporate and Investment Banking" was changed to "Executive Vice Presidency of Commercial Banking" and would go into effect on 01 April 2016. Also, per Board of Directors' Decision No. 13536 dated 17 March 2016, it was decided that "Executive Vice Presidency of Global and Investment Banking" was changed to "Executive Vice Presidency of Corporate Banking and Investment Banking" and would go into effect on 01 April 2016.
